WHAT'S A SHAVE IT?
Honestly put, a SHAVE IT is a soft cup of snow, drizzled with several exotic flavors made from recipes handed down from many generations. It’s a “vacation in a cup.” Flavors so natural you can feel the sun on your face and hear the ocean while your eyes are closed. Shave Its’ are the closest thing to ice cream without the cream. Imagine if heaven just froze over, that’s a “Shave It.” Soft snow, packed just enough to hold the flavors in. Not to be confused with a snow cone, Shave Its’ have zero crunch and no straw is needed, the snow is so soft it melts in your mouth. Addicting enough to keep you coming back daily…..even in the winter. Go ahead revolutionize your sweet tooth…….SHAVE IT

WHAT COLOR IS YOUR FLAVA?

WARNING: Shave Its’ are proven to be highly habit forming, which may be the inspiration behind our first location. While enjoying a Shave It, many people break into a spontaneous laughter that causes “laughter tears”, some people feel euphoric and describe a Zen state of mind.

Proceeds go to:

Foster a Miracle

Shave It Inc. changes little lives everyday. Instead of continually raising money in our community Foster a Miracle created a self sustaining fund raiser and named it Shave It.

Shave It Inc. has created a gathering place where people of all ages can eat lots of flavored ice, laugh and share. With every Shave It sold, a percentage is donated to Foster a Miracle, a foundation that inspires the futures of foster children.

_foster a mir-a-cle_: to promote and develop a wonderful occurrence…..a foster child’s wish!
